

One Pager

We suggest a new level of business development, where every player can become a full - fledged partner in the gambling business sphere

Payback investment period of the offline - casino My Casino Best

is 3 - 5 years

A key peculiarity of the gambling platform is a partner rewarding strategy in a form of bonus tokens in the amount of 10% of the bet amount, in accordance with the refund mechanism.

According to the monthly casino operation results, we direct 70% of the net profit to investors' profitability, taking into account the tokens' number in the investment portfolio of each single investor.

CIN Token Benefits

01 CIN token market capitalization

03 Use of CIN token as a game currency

02 Project scaling and the possibility of at - ground casino fractional ownership

Our project development primary goal is launching an offline - casino, based on the territory of the luxurious hotel in addition to the full - scale online – gambling platform development, which is available to any user on the Internet: mycasinobest.com

Overall money collection for all stages of the My Casino Best ITO project will be: Soft Cap - \$ 5 million, Hard Cap - \$ 30 million.
